# How does Blanket Group Accident Medical Expense Insurance Work?

## ACCIDENTAL INJURY OCCURS

An unexpected accident happens. This is the first step in activating your supplemental insurance plan.

*Make sure to review the Certificate to see if there are any exclusions or limitations that apply to the accident.*

## SEEK MEDICAL CARE

Visit any healthcare provider for treatment. Use your ACA, group or other traditional health insurance card for the initial coverage.

*There is no network. You can visit any provider for care.*

## FILE CLAIM FORM, EOB & BILLS

After receiving medical care, complete the claim form<sup>1</sup>. Gather and submit itemized bills and your Explanation of Benefits (EOB).

*<sup>1</sup>Claim needs to be filed within 90 days from the date of the injury. Make sure to read Certificate for other time limits on coverage.*

## DEDUCTIBLE & CLAIM AMOUNT

After primary health insurance or other types of insurance (Auto, Worker's Comp, etc.) pays, the supplemental accident medical expense covers remaining out-of-pocket covered expenses up to \$5,000, with a \$100 deductible<sup>2</sup>.

*<sup>2</sup>Deductible is per accident. Maximum benefit for the Blanket Group Accident Medical Expense Insurance is \$5,000 per covered person, per year.*

*\*See page 10 for Certificates of Insurance for state specific details, definitions, terms, conditions, and limitations, coverage may not be available or may vary by state. # How does Supplemental Critical Illness Insurance Work?

## STEP 1: DIAGNOSIS OF A CRITICAL ILLNESS

The journey begins with the unfortunate event of being diagnosed for the **first time** with one of the covered critical illnesses. This initial diagnosis is the trigger for activating a claim for the critical illness insurance coverage.

## STEP 2: FILE A CRITICAL ILLNESS CLAIM

Once diagnosed, the next step is to file a critical illness claim form. Submit the necessary documentation, including a confirmation of the diagnosis from your healthcare provider. The claim's administrator will review the documentation to confirm the first diagnosis of the covered illness.

## STEP 3: RECEIVE A LUMP SUM PAYMENT

Upon confirmation of a first diagnosis of a covered critical illness by the claim's administrator, the covered member will receive a lump sum maximum benefit. If the diagnosis occurs **after** the first year from the effective date, the payment will be \$5,000. If it is **within** the first year, the benefit will be \$1,000. This payment provides financial support to help manage expenses related to the critical illness.

## IMPORTANT DISCLAIMERS

### One-Time Payment:

The lump sum payment is issued only once, and only upon the first diagnosis of a covered critical illness.

**Coverage Termination:** Once the benefit is paid, the coverage for that member terminates. Coverage also terminates when the member reaches the age of 65.

**Eligible Members:** Coverage applies exclusively to the member and their covered spouse. This is a one-time benefit.

By understanding these steps, you can better prepare for the unexpected and ensure you have the necessary financial support when facing a critical health challenge.

\*See page 10 for Certificates of Insurance for state specific details, definitions, terms, conditions, and limitations, coverage may not be available or may vary by state. Benefit amounts are per covered person per coverage period unless otherwise stated. Please make sure to review the Certificates of Insurance and Schedule of Benefits for full benefit details, definitions, terms, limitations and exclusions. **If there are any discrepancies between this flyer and the Certificates, the Certificates shall govern. Pre-Existing Condition Limitations may apply.**
